## What is Fathers Care?

Fathers Care is a project of the Teen Alliance for Prepared Parenting (TAPP). We are present at several sites that provide direct services and referrals to outside resources that promote personal growth and the importance of Fathers in the social, emotional, spiritual and moral development of their children.

**Our mission is to assist young Fathers with the development of healthy manhood, responsible fatherhood and family planning.**

### Becoming a Daddy is easy!

It doesn't take much time.  
It doesn't take much thought.  
You don't need financial resource to become a Dad!  
You don't need an education or a job.  
You also don't need to be a part of a loving and respectful relationship to become a Dad.  
Do you agree!  
Becoming a Dad is easy.

### Being a good Father is hard!

Being a good Father is very hard.  
It takes time to be a good Father and a lot of thought.  
Being a good Father requires financial resources, and the ability to be self supporting.  
Being a good Father means respecting your child's mother even when you don't feel like it.  
Do you agree?  
Being a good Father is hard.

With the love and attention of a Father your child(ren) could be healthier and happier and so can you!

## TAPP Fathers Care can assist you with becoming a good Father. Our services include

- ◆ Assessing your needs
- ◆ Peer Support Groups
- ◆ Parenting Workshops
- ◆ Physical Exams
- ◆ Workplace Preparation and Job Search
- ◆ HIV, STD Screening Referrals
- ◆ Paternity Counseling
- ◆ Structured Father-Child Time
- ◆ Individual and Couple Counseling

We seek to ensure that young men come to understand the importance of fatherhood, to value their role in parenting their children, and to see successful fatherhood as a primary goal in life.

We provide food and tokens at all workshops. We also provide recreational activities for Fathers as well as Fathers and their children.
