^aPending figures were adjusted in January to reflect case activity from Superior Court not previously reported.

^bFigure adjusted.

^cAvailable for disposition includes beginning pending, new filings and reinstated cases.

^dThe Clearance Rate, a measure of court efficiency, is the total number of cases disposed divided by the total number of cases added to the caseload (i.e. new filings and reinstated) during a given time period. Rates of over 100% indicate that the court disposed of more cases than were added, thereby reducing the pending caseload.

^aTime on appeal includes periods when cases are not under active processing by the Court of Appeals. For example, figures include periods when some appeals are stayed for reasons such as bankruptcy or further trial court proceedings. In reciprocal bar matters, the Court opens a case file upon notification that another jurisdiction has disciplined a member of the D.C. Bar but does not commence active processing of the matter until receipt of a Report and Recommendation from the Board on Professional Responsibility.

^aThe Clearance Rate, a measure of court efficiency, is the total number of cases disposed divided by the total number of cases added (i.e., new filings/reactivated/reopened) during a given time period. Rates of over 100% indicate that the court disposed of more cases than were added, thereby reducing the pending caseload.

^bThe beginning pending figures (i.e., "Cases Pending January 1") include cases that previously had been inactive while pending grand jury, or in a diversion or other excludable time status, such as an active bench warrant.

^cCriminal cases with an active (unexecuted) bench warrant at the end of the calendar year are not available for disposition and therefore are removed from the court's count.

^dFigure adjusted after an audit of the caseload.

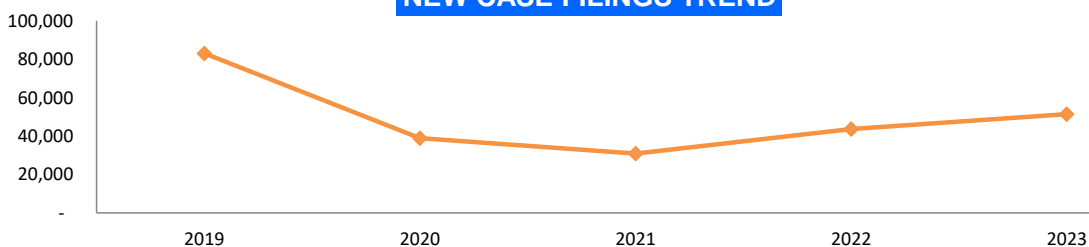

^eCriminal Case for Violation of a Civil Protection Order (or Anti-Stalking Order) filed by the Office of the Attorney General.
